

REUNIONES
CIENTÍFICAS

10

FEBRERO
10:00

CNB

Centro Nacional de Biotecnología

Annual Workshop 2023
Department of Systems Biology:
The social life of microorganisms
— *theory and practice*

Álvaro Sánchez

National Biotechnology Centre (CSIC)
Emergent interactions in ecological communities

Elisa Granato

University of Oxford
The evolution and ecology of bacterial warfare

Rafael Sanjuán

Institute for Integrative Systems Biology (U.Valencia)
Social evolution of viruses

Juan Nogales

National Biotechnology Centre (CSIC)
Engineering synthetic life in microorganisms:
Biotechnological applications

Miguel Á. Muñoz

University of Granada
Stochastic evolutionary branching:
plastic tradeoffs and finite populations

Daniel R. Amor

University of Graz
Community transitions and the emergence of
alternative stable states in microbial systems

Salón de Actos del CNB
