

Structural Proteomics conference

July 1st, 2022 CNB-CSIC

WORKSHOPS

10:00h *Welcome.*

Fernando Corrales. Head of the Proteomics Laboratory. CNB-CSIC.

10:15h *Automated sample preparation for proteomics analyses.*

Daniel López Ferrer. Director of Proteomics and Translational Research. Thermo Fisher Scientific.

11:00h *A toolkit for protein characterization: rapid LC-native MS, Direct Mass Technology mode, and electron capture dissociation.*

Andrew Norris. Application Scientist. Thermo Fisher Scientific.

11:45h *Digging into protein-protein interactions with crosslinking mass spectrometry.*

Richard Scheltema. Associate professor on structural proteomics. Utrecht University.

12:30h *Concluding remarks.*
